**REVOCAION (WITHDRAWAL) OF CONSENT FOR SERVICES**

**PURPOSE:** A parent/guardian or adult student may revoke (withdraw) consent, in writing, for the continued provision of special education and related services (parent are not required to use a specific form for their revocation). If a parent revokes consent in writing, the district must honor the revocation and provide the parent with written notice identifying the date the district will stop providing services. The district may not use due process or mediation procedures to challenge the parent's revocation. Beginning the effective date indicated in the prior written notice, the district may no longer provide special education and related services to the child. The district is not required to amend the child's education records to remove references to the child's receipt of special education and related services. Once the revocation is effective, the student is no longer entitled to receive special education or related services, and the district will not be considered in violation of the requirement to make FAPE (a free, appropriate public education) available to your child.
